**Injector hold down bolt torque on DT530 - JustAnswer**  
The 530 and now 570 have other upgrades to deal with additional torque and heat. We own many DT-466's and if not abused they will go 500K no problem. If you are driving your 466 with light loads I suppose going over 300HP would work but for constant pulling very heavy loads there is a lot of heat building.

**What is the difference between the Int'l DT530 and the ...**  
The Navistar DT engine family is a line of mid-range inline-6 diesel engines. With horsepower ratings ranging from 170 hp (130 kW) to 350 hp (260 kW), the Navistar DT engines are used primarily in medium-duty truck and bus applications such as school buses, although some versions have been developed for heavy-duty regional-haul and severe-service applications.

**International, IH DT466, DT530, DT570, HT570 specs, manuals**  
DT stands for Diesel, Turbo (what International prefaced all their inline engines of the same construction with) and HT stands for a High Torque version of same. Nobody said it had to make any sense, or follw any standard...I guess they didn't want to call it a HTDT530 Birken

**DT466E and DT530E.....power upgrades???? | The Diesel Stop**  
Any tandem around here with a small engine 8-9 tons is the most you want to put on the truck. One of the P+D guys here had a International tandem with a 22 foot cube box with 530 power the truck was geared so low it was a POS to drive. I would find something else, just because it is selling cheap doesn't make it worth buying.
